Keynote Speakers for 2013 Health Privacy Summit at Georgetown University Announced

*Peter Hustinx, European Data Protection Supervisor
Todd Park, U.S. Chief Technology Officer*

Austin, TX – March 19, 2013 – Patient Privacy Rights (PPR) has announced two new keynote speakers for the [3rd International Summit on the Future of Health Privacy](#) on June 5th-6th, 2013 at the Georgetown University Law Center in Washington, D.C.

PPR is also pleased to announce that the [agenda](#) outlining Summit sessions and featured presentations is now available online.

Peter Hustinx

European Data Protection Supervisor

Mr. Hustinx has been European Data Protection Supervisor since January 2004. The European Data Protection Supervisor is entrusted with monitoring and applying provisions to the processing of personal data carried out by the EU institutions and bodies.

Todd Park

U.S. Chief Technology Officer

Park directs the Office of Science and Technology Policy to apply the most current technology and innovative advances to make the Federal government address national challenges and respond better to the needs of American people.

As announced previously, Marc Rotenberg, Executive Director of the Electronic Privacy Information Center (EPIC), will also keynote at the Summit. You can read more about all speakers [here](#).

More about the Summit:

Ensuring personal control over health information in the face of rapid global deployment of healthcare IT and online technologies is a great challenge. The unique, inclusive summit structure and agenda offer the only forum in the world for high-level, thoughtful discussions about the most urgent national and international health privacy issues and solutions. Don't miss these exciting discussions! [Register now](#).

Current Summit Sponsors:

ID Experts, Jericho Systems, Meditology Services, Microsoft Corporation, NetApp, Ponemon Institute, and PricewaterhouseCoopers.

###

O'Neill Institute for National and Global Health Law

The O'Neill Institute for National and Global Health Law at Georgetown University was established in 2007 to respond to the need for innovative solutions to the most pressing national and international health concerns. For more information, visit <http://www.law.georgetown.edu/oneillinstitute/about/index.html>.

Patient Privacy Rights

PPR is a bipartisan, non-profit organization whose mission is to ensure patients control the collection, use, and disclosure of sensitive personal health information in electronic systems. It has over 12,000 members in all 50 states and leads the bipartisan Coalition for Patient Privacy, representing over 10.3 million Americans. To learn more, visit www.patientprivacyrights.org.
